

AEROSPACE

Supply Chain Directory

THE STATE OF
SUCCESS

Land in Oklahoma.

More than 500 aerospace organizations operate in Oklahoma including: FAA, The Boeing Company, American Airlines, Spirit, Aerosystems and NORDAM.

This list is meant to be used as a quick reference to Oklahoma's vast and growing aerospace supply chain from maintenance, overhaul and repair to unmanned aerial systems. Oklahoma's expansive network of aerospace suppliers presents an incredible opportunity to aerospace companies looking to expand in and relocate to Oklahoma. Leverage Oklahoma's position in this high-growth industry and take off in our state of success.

Composites, Additive, Coatings
